## **MEMORIAL DAY**

Here's wishing each of you a thoughtful day of respect for our fellow Americans who put our safety before their own.

## **SINE DIE**

Adjournment **sine die** (from the **Latin** "without day") **means** "without assigning a day for a further meeting or hearing". To adjourn an assembly **sine die** is to adjourn it for an indefinite period.

## **PLATFORM**

We are going to start working on a new, more efficient, user-friendly platform for our updates for the Capitol Group. This is a private, closed group of former members of the House & Senate in addition to state-wide elected officials, to help us easily keep up with our colleagues with

respect to personal issues such as illness, injury and passing. In addition we post issues that may be of interest concerning our colleagues or the Capitol. Ideally each member should be able to "post" whatever they wish without waiting for the editor or platform manager to post. The intent is to now start working on this and create a subcommittee, and come back to you with recommendations. If anyone has a particular interest in this or expertise, please let me know.
